

Cutting-edge expertise for conferences

For the 2008 Universal Postal Conference, more than 2000 delegates from 191 member countries of the Universal Postal Union came together to discuss important issues in the global postal sector today.

Dorier assured with success, for 2 weeks, the installation, then the permanent management of the technical team for the two large plenary rooms of the CICG (International Conference Centre Geneva -), composed of:

- an electronic voting system
- conference microphones for all of the speakers and audience members
- ceiling cameras to film participants in the audience as soon as their microphones were activated
- Powerpoint projections and participant broadcasts on the screens
- A simultaneous translation system for 8 languages.
